Palm Springs Host to Huge Holiday Crowd

Hotels, Night Clubs
—And City Jail—Full Up Over Week-End

The hundreds who came to Palm Springs to spend the Christmas holidays lingered to greet the dawn of a new year here augmented by hundreds of others filling the Village to the brim for the week-end.

Every hotel reported capacity business as did the night clubs, cafes and restaurants and, unlike Christmas when the police department reported only one arrest, Friday night and Saturday city jail was jammed to capacity.

MOST OF THE INMATES just celebrated a little too much and there were five booked for gambling. Shortly after midnight Sunday two brothers Indians engaged in an argument which resulted in the murder of one and the arrest of the other charged with fratricide.

A aside from a few bent fenders no traffic accident of major importance was reported. Gordon W. Schultz, 20 U. S. Marine is said to have lost control of his automobile on South Palm Canyon drive, causing it to turn over. He suffered only minor injuries.

THERE WERE NO New Year day babies at the Palm Springs Community Hospital. Mr. Stork the fabled bird, arrived, however, January 2 at 3:35 to deposit a bundle at the side of Mrs. Edward Kolar.

Mrs. Emma Wilson, 90, mother of Mrs. Esther McGee, manager of Wonder Palms hotel, celebrated New Year's leaving the hospital cured of a respiratory ailment, namely a cold.

The only persons in the Village who worked and worked hard, too, were personnel at hotels, night clubs and cafes as well as all members of the Palm Springs police department.

My floor is littered with papers. It's really a depressing sight. My typewriter's cutting cappers And refuses to write it right.

I've started a dozen letters Right off at the top with the date. Habit has me in its fetters It always comes out Forty-Eight.

First composition for 1949 . . . And a new project . . . Reading in the L. A. papers of the million and a half people who watched the Tournament of Roses parade and hearing the comments of the Villagers who saw it, gave birth to the new something - to - push - in - 1949 : Wake someone up here to start planning now to have a Palm Springs float in that parade.

GETTING the Village across to 150,000 people isn't something to be puffed off . . . That's real publicity . . . A beautiful float to make people "Oh" and "Ah" with the gentlemen in the crowd using their own well-chosen adjectives in expressions of admiration—that would be something . . . It would give people ideas . . . Vacation ideas . . . And since this is a winter resort primarily and the parade comes in winter, the action would be quick—all immediate . . . "Let's go down and see that place, Aunt Emma" . . . You can just hear them saying it . . . Besides, with all of the talent we have here to build a float that would be full of "Ohs" and "Ahs" and the other expressions of admiration, Palm Springs could put it across . . . We also have plenty of efficient organization brains here to get it started now.

WELL, that starts off the New Year with a worth-while constructive idea . . . We're off on a high plane but watch out for the skids . . . Anyway, having been on the build up side for several inches, let's get busy with the axe now . . . It is said there are only seven original joke situations . . . But the radio script writers only seem to have one . . . Every radio show that goes out from Palm Springs has in it some reference to high prices here . . . Seems radio script writers can't get away from it . . . It got a laugh once so, they figure, let's use it again—and again—and again . . . It would be nice if the boys got a little original once, at least . . . There should be other things here that ARE funny and at the same time wouldn't plant the seed of an unpleasant thought.

Kenneth Kirk Elected First Chairman of District Hospital As Board Meets to Organize

Kenneth Kirk, long-time civic worker of Palm Springs who served as chairman of the recent successful campaign for formation of the Desert Hospital District, was chosen chairman of the district's board of directors at its first session.

The office of the secretary will be filled by another person closely associated with the welfare of the local hospital services—Florian Boyd, city councilman and chairman of the campaign in 1945 that raised nearly \$200,000 as a community hospital building fund. This fund made possible the establishing of the Community hospital in March of 1946 when the building at Tornay hospital became available.

THE FIVE DIRECTORS, appointed recently by supervisors, drew straws at the hearing to determine length of their terms. Directors Boyd and Harry Plymire of Desert Hot Springs drew the two-year terms, and Directors Kirk, Frank Bennett and O. A. Torgerson of Cathedral City, three-year terms. This means that in two years the first two will come up for election within the district in the same manner as school district trustees, and the other three will be up for election in three years.

Preliminary discussion of the board's duties and powers was held at the initial meeting, it was learned from Chairman Kirk. Although the district has been formally established and the board of directors appointed, first tax revenue is not available until after July 1, 1949. Until that time at least the Community hospital will continue to operate the hospital which the district will take over.

Frank Bennett, member of the district board, is president of the Community Hospital association.

WITHIN the next two or three months the board must estimate the operating costs of the hospital in the fiscal year 1949-50 as the necessary tax rate is levied by county supervisors, on behalf of the district, after July 1. First tax collections on this rate are to be made in the first county payment due next Dec. 5. Within a reasonable time after that the first actual allotment of funds will be made to the newly-formed district. Often in the case of new districts such as this, however, advances of tax funds are obtained to bridge the gap between July 1 and the time when money is available.

The Community hospital is requesting half a year's funds from the Community Chest which opens its drive here within the next two weeks.

Three Narrowly Escape Death in Heater Mishap

Mrs. Paul Manuel, 355 West Cerritos, and her two children, Susie, 7, and Lee Martin, 12, narrowly escaped death Thursday night, according to her husband, Paul, who said he found them unconscious from the effects of gas fumes.

Men who have been leasing land on the reservation for some time, knows the Indians well and know their problems and their confidence.

"They are going to get my help from first to last," he said.

"Anyway, just figure it this way—the council job is new to me but you can bet that I'll do my best to merit the honor they gave me."

Gilmore Elected Chairman of County Board

Floyd Gilmore was elected chairman of the county board of supervisors at their organization meeting yesterday morning in Riverside.

His election followed nomination by James L. Easley, Slape, new member of the board.

Gilmore is a hold-over member of the county board and succeeds Walter Pittman, defeated at last November's election.

Brother Held On Suspicion Of Fratricide

Members of Local Indian Family in Fatal Argument

As result of what police say was a family feud of five-year standing, one brother, member of a well known local Indian family, was dead and the other under arrest on suspicion of fratricide.

In custody of the Federal Bureau of Investigation pending investigation and a coroner's inquest today or tomorrow is Robert Saubel, 32, Morongo Reservation Indian, employed as a laborer on the Indian reservation here.

Richard Saubel, 23, lies at Weil's Mortuary, the victim, of a fatal knife wound that plunged through his heart.

IN CHARGE of the investigation is Harold Higgins, FBI agent called into the case because the murder took place on the reservation. Assisting in questioning of the suspect and the two eyewitnesses to the killing are Police Officers Jim Maynard, Dale Thompson, Sergeant Lux, and others on the midnight to eight a. m. shift.

The witnesses to the slaying, Tillie Saubel wife of the victim and Vincent Saubel, a cousin, told police they did not actually see the knife thrust that resulted in the death of the young Indian.

The three, Richard, Vincent and Tillie had just driven up to the home they occupy after a midnight automobile ride. When the car came to a stop, both Mrs. Saubel and Vincent told police, Robert approached and engaged his brother in conversation.

"He wanted Richard to drive him to San Bernardino," Mrs. Saubel said, "but my husband refused.

ANGRY WORDS ensued and Richard Saubel left the automobile to continue the argument face to face with his brother, Mrs. Saubel said.

Suddenly, she said, her husband called for help.

"It was dark and I couldn't see if Richard was badly hurt," she told police.

However, when she was unable to assist the prone Richard to his feet, she called for Vincent to come and help her.

OF THE \$43,000 total budget for the 1949 campaign, \$25,000 will be allocated to the youth and family agencies. Desert Hot Springs and Cathedral City which not only carries on a far-reaching charitable program giving aid to hundreds of stranded and destitute families each year, but also conducts the Youth Center which is a model for similar activities in many parts of Southern California.

"It is typical of a resort city that recreational activities for youth are fewer than in most other communities, so the youth programs here are vastly more important in our chest financing," the chest leader said.

"Our residents and business people have shown by their generous giving in the past that they realize this problem and are in hearty accord with the valuable work being done by the youth agencies with the help of these funds. Without these contributions, the scores of fine volunteers who actually direct the broad programs of activities for the youngsters and teen-agers," he added.

More than 90 officials of district hospitals in California will assemble here Thursday for an important two-day conference on which may grow a permanent organization devoted to improvement of hospital services and sponsoring of necessary legislation.

The sixth agency of the Chest this year is the Community Hospital which has applied for \$10,000 to help carry its mercy services through the first six months of the year until tax revenue, made possible by the recent formation of the Desert Hospital District, is available. Last year the Hospital requested \$25,000 from the Chest. Toward this amount Cathedral City and Desert Hot Springs also will contribute since the hospital serves their communities as well as Palm Springs.

WHEN POLICE arrived Richard was dead. The older brother was arrested at the home of a friend later. At the police station yesterday morning, Saubel said he did not know what took place and refused to believe that his brother was dead.

The weapon used in the murder was not found yesterday and still was being sought by police.

Bennett was in conference yesterday with C. E. Ballagh, coach at the high school, making arrangements for use of the new gymnasium there for basketball games, is in conference with city officials today on the financial end of the program and will meet managers and captains of basketball teams in a meeting tomorrow night.

It is planned, Bennett said, to get the league under way as soon as possible and play will start on completion of arrangements with the high school and city council.

Number of teams in the loop has not been determined by Bennett, but enough interest has already been shown to guarantee six teams with two more clubs being organized.

Play will be on the new floor at the high school under arrangements completed yesterday by Bennett and Ballagh.

New School Building Put Into Service

Classes assembled for the first time at the new North End school yesterday with more than 250 children of grammar school age attending and eight teachers transferred from the Francis Stevens school, using the new building.

The new plant is located on former Torney General hospital grounds given to the Desert School district at 100 per cent discount by War Assets Administration early this year.

"All pupils from third to sixth grades who over-crowded rooms at Frances Stevens school have been transferred to the new institution," Dr. Arthur G. Hoff, acting superintendent of the consolidated school district, said.

He added that classes for kindergarten, first and second grade pupils will continue at Frances Stevens.

"The transfer of pupils to the new North End school will leave ample room at Frances Stevens for kindergarten pupils now on the waiting list," the school head said.

Medical Society Urges Checking Of Heater Vents

Warning was issued by Riverside county medical association in cooperation with the county health officer on the advisability of checking all heaters and ventilation in buildings following recent deaths at Big Bear and the near tragedy to a family at Edgemont due to supposedly carbon monoxide gas poisoning.

According to county medical association officials, cold weather improperly functioning heaters and little or no ventilation are dangerous combinations apt to result in serious consequences.

Dr. Arthur W. Miller, county medical association president, stressed the possibility of many families being in danger through failure to check heating and ventilation facilities in their homes. Dr. Robert S. Westphal, county health officer, indicated that the recent earthquake might be one contributing cause of improperly functioning heaters and furnaces.

"Several cases have been noticed throughout the country," said Dr. Westphal, "where exhaust vents to heaters have been dislocated by the recent quake. Poison gases are thus allowed to escape into the room."

Dr. H. M. F. Behneman of Palm Springs, founder of the Desert Clinic, is president of the county association.

County and CVWD Renew Contracts

County supervisors Monday renewed their agreement with the Coachella Valley County Water District for another year.

It was the standard agreement whereby the county gets a fourth of one per cent of the fees collected as compensation for expenses. It was again made at the request of the district.

The CVWD is the water district which in conjunction with the Federal Bureau of reclamation, has brought Colorado river water via the All American and Coachella canals.

Benjamin Franklin's brother began publishing a newspaper in 1721 that for several issues argued against that "doubtful and dangerous practice of inoculating" against smallpox.

Jolson may be getting on in years and crowding Jack Benny's show, Kraft Music Hall, broadcast from the American Legion hall last Thursday night, had a large local audience vociferous and honest in its loud applause. Doris Day, guest star heard in several numbers, also earned vigorous applause.

The Jolson show will be on the air again from Palm Springs this Thursday night and the last of a series of three local broadcasts will be heard January 13.

This week's guest star will be Larry Parks and, as usual, Oscar Levant will be at the piano and Lew Brings' band will provide the music.

Jolson will sing "Robinson Crusoe," "Rosie, You Are My Posie," and "Anniversary Song."

The show will go on the air at 6 p. m.

Last week's broadcast was the first big time show to go out on a coast to coast network this season.

First meeting of the New Year of the Palm Springs Sportsmen's association will be held at the fire hall tomorrow. Warren Heath, president, said last week.

Much important business is scheduled to come before the group.

Legion Smoker Friday Will be Merry Affair

Owen B. Coffman post, American Legion, will present another outstanding show Friday night at the Legion hall. Jay Morrison, commander, said this smoker would even better the highly entertaining show of a few weeks ago.

Jerry Sanborn and George Kreimer, co-chairmen of the event, have been busy for several weeks lining up talent for the event. All proceeds go to the building fund. Legionnaires and their guests are invited.

The smoker was originally scheduled for January 28 but has been changed to January 7. Tickets already sold and dated January 28 are good for this night.

The acts include Jadx Rhodora, dancer; Duke Kimball, Miller and Jean, Patsy Abbott, Margaret Brown and many others.

Income Tax Man Here January 14

Villagers will have to go farther than the American Legion hall on Belardo Road January 14 to file income tax returns or ask questions about what they owe the federal government.

Building for 1948 Tops Five Million

Building permits at the close of 1948 showed a drop of \$1,500,117 as compared to the 1947 total but was in excess of \$5,000,000, considered by building experts excellent for a city the size of Palm Springs.

At the close of business Friday permits for 1948 totaled \$1,516,037 compared to \$6,661,154 for 1947.

Permits issued for December, 1947, amounted to \$1,442,214. For December, 1948, the permit total was \$208,200.

Records at the Palm Springs building department disclose that it was the first time in three years that a 12-month total in building permits fell below the \$6,000,000 mark.

Increase in GI Home Loan Rate Viewed as Benefit

Failure on the part of the government to increase the interest rate on GI home loans from 4½ per cent is costing the veteran more than he now saves, V. C. LeClerc, president, Veterans Organizations Council of Altadena, said. He added that the home loan plan under the G.I. program has lagged considerably.

LeClerc's organization is heading a nationwide campaign for a realistic adjustment of the interest rate for legislation authorizing a proper secondary market for GI mortgages.

The need for concerted action by the Home Builders Institute is in the fact that GI loans during 1948, doubled more than 50 per cent in volume, despite the demand for homes, particularly new ones.

The VOCA program seeking an upward adjustment of the GI interest rate is based on a Veterans Administration study dated August 16, or six days after President Truman signed the bill which granted VA Administrator Carl R. Gray Jr., authorization to adjust the rate to 4½ per cent.

Gray's letter to veterans states that an increase in the interest rate is essential if veterans in any number are to continue to enjoy the loan guaranty benefits of the GI Bill. This increase, Gray said, is essential to assure preferential credit aid to home seeking veterans.

Maybelle Whann's property at 689 Camino Parocella figured in a trade last week whereby a well known Long Beach family became Villagers.

The local property was taken in trade for income property in Long Beach owned by Mr. and Mrs. William A. Courtney of 1124 Elm avenue in that city.

Mr. and Mrs. Courtney have been residents of the beach city for 25 years but have wanted to make Palm Springs their home for some time.

Lee Luecke of the H. H. Foster office handled the transaction.

San Franciscans Buy Local Home

Mr. and Mrs. Leonard H. Schriefer of San Francisco have purchased a home in the Desert Tract and arrived with their daughter last week to become Villagers.

They have made repeated trips to Palm Springs and decided that this was the spot to live so traded the sea air of the bay city for the desert's climate.

Lee Luecke of the H. H. Foster office negotiated the sale.

The Merry-Go-Round

Holiday festivities for the younger set started off on Dec. 17 with a formal dance at the Woman's Club and ended when the last train, plane and motors left the Village on Sunday for schools on the Coast and points East.

Tuesday's tea-dance at the Tennis Club brought out a gay crowd from the high school and college set. A few of the out-of-towners dancing to Pat Barbara's music were Rodger Page, vacationing from Minnesota at Deep Well; Jim and John Daly out from Marmon in Chicago; Dee-Dee Tracy, Pasadena; Jerry Richardson from Inglewood, with Shirley Millhouse; Gavin Herbert, down from Van Nuys, and Ann Woodward from Stadium High, Washington.

From Palm Springs High there were Pat Peper, Jackie Kingsbury, Betty Wright, Mary Pendery with Dick Clarke, Adele Woods with Bill Hotchkiss and Brownie Brown with Chase Colborn.

Others were Marleen Matier with David Harper, Mabel Potter with Eddie Brown; Beverly Brown with Kenny Jackson; Nicky Nichols, Frank Purcell and Jimmy Hicks and dozens of others.

At Shadow Mountain Club on Thursday approximately the same group were on hand to dance to the music of Todd's Rhythm Band.

Mary Frost was there with Rodger Page, Sandra Cordrey with Jim and John Daly; Nancy Nye with Jim Wills; John and Ben Chaffey with Bea Bailey and Janet Jaynes; June Green and Gayle Johnson from Anokaia were there, Barbara Jones, UCLA Bobby Jones, Claremont; Don Williams, Redlands; Gillian Boyd, USC; Stuart Clarke, Washington; and Jack Pendrey, from Stanford.

Wednesday evening Nicky Nichols entertained all the High School crowd at his home on Paseo El Mirador. They were invited to come in costume representing a song title and there was much fun guessing who was what and what was who.

Gayle Johnson was hostess at a lovely luncheon at Shadow Mountain Club the same day. Her guests were Anne and Sue Oliver, Diane Cross, Mary Pendery and Janet Jaynes.

Nel and Rathbun Hees have said goodbye to their cute Desert Tract house where so many people have had so much fun during the past two years. They will spend a month in their Brentwood apartment getting plans underway for the new home they will build just above Bel-Air Bay Club before going on to Sun Valley for six weeks of skiing. Devoted as they are to

their skiing and paddle tennis they still love the desert and plan to have another home in Palm Springs.

The Harry Reids deserted Palm Springs and joined a group of old Stanford friends in San Marino over the New Year's.

The William Alsworths did their celebrating in Pasadena to be on hand early for the Rose Parade and game . . . Likewise the Kenneth Kirks . . . The Ed Fallgrens dashed into Los Angeles for a couple of parties returning time for the Joan McManus and Frances Hughes open house on Sunday . . . Mr. and Mrs. Karl B. Kumpf spent the holidays at Camelback Inn.

Virginia and Dr. Henry Dollard with their houseguest, James Skidmore, spent a few days in their new La Jolla home . . . Nick and Mary Carter took time off from San Mateo and flew down for New Year's with Village friends . . . The Sol Lessers entertained Mr. and Mrs. Jean Herscholt and Mr. and Mrs. Mendel Silberberg in their lovely Camino Del Sur home . . . Mrs. Upham Beglow's birthday on Dec. 21 made it a double celebration when Margaret and Dr. Robert Morrey invited friends in on New Year's eve.

And Muriel Bering's having a birthday on Jan. 1 was the reason so many people were saying "Happy New Year and happy birthday" all at the same time in Lee Bering's smart new fun place just past midnight . . . Practically everyone was in at some time or other between the early evening and early morning hours.

At the Chi Chi Margery Main, film comedian, was with a large party wishing each other the "Best for the New Year." Perez Weston sat nearby with Wayne Morris and friends. In another large party were Mr. and Mrs. Stanley Rosin, Mr. and Mrs. Irving Matloff, Attorney and Mrs. Al Bergman, the J. A. Yates and Saul Raskins.

Don't forget to mark next Monday, January 10, in red letters on your calendar for that is the date of the spectacular Fashion Tea being presented by Desmond's, Bullock's and Robinson's for the Palm Springs Woman's Club. And if you don't have your tickets they may still be obtained at the Desert Inn, Shadow Mountain Club or from any member of the Fashion Tea committee.

Mrs. Charles Potts and sister Mrs. Allen Davis returned to the Village following a short visit with their sister, Mrs. Jess Meyers of Las Vegas.

Cross-Word Puzzle

I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

For several years now, your congressional office in Washington has mailed out, the first week in January, a little card or folder expressing the good wishes of the office, and its continued faith in our form of government.

The card had the picture of the congressman, in some pose which the constituents like to think characteristic of a Member of the greatest legislative body in the world. He might be holding a few documents, in an attitude of addressing the congress, forgetting for the moment that the house does practically all its work in committees, and that only in the senate (or as we say, "in the other body") for congressional custom prohibits us from mentioning the senate by name, or any individual senator! do the members actually stand and debate issues at length. Or it might be at his desk, momentarily cleaned up by his secretaries, for photographic purposes.

THANKS to the photographer, the lines were usually erased from the congressman's face, and he assumed a dignity and benign expression which he himself likes to think is not characteristic. The cards were sent to all the people whose names were on the rapidly growing list of people with whom the office has corresponded, or for whom it has done some service, slight or important. This in itself produced amusing results, for in spite of the surprising size of the list, which now fill Kardex files that take up a good part of the half wall of one side of the office, there were embarrassing omissions. I have a habit, particularly with personal friends of long standing of sitting down at my trusty Corona and beating out a quick reply, perhaps even on the back of the original inquiry, and have done this since the Sacramento days, when secretarial help was like the proverbial chicken's teeth.

These names might not go through the office routine, and consequently I've had to explain to some old friends that they really weren't forgotten, when the cards were sent out, but simply were not on the big list at that moment, and that my regards and New Year's wishes were no less real or sincere.

BEST ADULT EDUCATION

Editor, The Sun:
I missed the Public Discussion Forum which has been conducted in Palm Springs for the past five or six years. I hope it will continue.

During the past, noted authorities have been heard, and I felt that this community was one of the best informed in the state. The discussions have been impartial and fair. Best of all, the audience has always been given a chance to join in the discussion. This is a privilege we must guard jealously.

Let's have another Public Discussion Forum.

A Constant Visitor

From my own experience I know that leaders of the forum bear a heavy burden, and are not always appreciated, but the leaders of the Palm Springs Forums in the past are entitled to great credit. The Public Forum, like the Town Meeting, is the bulwark of our American democracy. It is the best form of public education.

The teachers, also, will benefit through the forum as they will receive institute credit for attending at least one of the forum meetings. Through them the information obtained at the meetings will be transmitted to the pupils and the entire community will benefit.

Let's have another Public Discussion Forum.

PCC Leaders Open 4-Day Session Here

More than 100 coaches, athletic directors and faculty members of universities comprising the Pacific Coast Conference opened their annual four-day meeting at the Desert Inn Sunday night.

Eligibility qualifications of athletes who desire to compete in varsity games, schedule of play for the years of 1950 and 1951, penalties against players and competing schools are to be discussed during the next two days of the conference.

DISCUSSION is expected to center around the use of television in the telecasting of games. At present the only games telecasted are those played in Los Angeles. It was learned that two television stations are preparing to broadcast the sporting events around San Francisco and this advent may bring up discussion centering around such picture broadcasts.

Most of the sporting world on the Pacific Coast and in other parts of the nation are awaiting the results of this conference which may affect football for the next year, at least, as well as other sports.

ONE DECISION voted by members of the faculty on recommendation of athletic directors affects intercollegiate baseball. Heretofore the winner of the southern division in baseball was rated on the games won and lost within conference games and those played with schools outside the conference.

Henceforth the winner of the southern division which includes University of California at Berkeley and Los Angeles, Stanford and USC will be decided on the number of games won within the conference. The winning team will play the winner of the northern conference whose members are located in Washington, Idaho and Oregon.

Last night Associated Oil company fed PCC members and newspaper men with a cocktail party at the Tennis Club.

The department has asked motorists to do business "over the counter" this year instead of by mail. Everything can be accomplished in one trip to the registration office with no waits, it was explained.

HAVE BEEN neglecting the mail lately . . . Most of it in the past two weeks was Merry Yule to You and a Happy New Year, too . . . One card this morning: "Phat, here's a scoop for your column . . . Frank Bogert's appearance on television Thursday night set that industry back at least ten years . . . Radio has been given a new lease on life . . . 1949 should be a banner year for the radio industry from coast to coast . . . P. S. There is no truth in the rumor, however, that Don Lee lost his license." . . . Another letter was from Chicago, Yeah, you guessed it, my chief correspondent there, Johnny Pagonia . . . Seems that a bit of team work from Early O'Day to Pagonia got Palm Springs a lot of publicity in the Chicago Sun-Times . . . O'Day seems Pagonia a negative of ex-mayor Kelley and sons sunning themselves here and Pagonia spread it all over the picture page of the Sun-Times with Palm Springs prominently mentioned.

At the present time the Cathedral City-Rancho Mirage-Palm Desert section is ready to apply for this local zoning. Thousand Palms is considering some similar type of zoning later, and Idyllwild has applied for this protection. It is believed numerous other parts of the county also will take immediate advantage of the new law.

IT WAS the comprehensive zoning portion of the ordinance that drew the heaviest fire from the opponents. They refused to believe that the law was not effective at once upon them rather than being merely enabling legislation to be available when needed.

Arrangements for the desert areas' presentation to the supervisors were handled by the newly organized Desert Associates which has united the desert communities from Palm Springs to Blythe in a promotion and protection group. It is headed by L. C. Lewis of Cathedral City, and three Palm Springs men are directors: Ben F. Shearer, Earl Coffman and Harold J. Hicks. A fourth, Harry Harper, is executive secretary.

Spending some time in the Village at the Rossmore is George Cantillo of Vancouver B. C., hotel owner and proprietor of B. C. Hat, B. C.
